If you have used Learn360 previously, and you remember your Username and Password, feel free to log in, your account is still in the system.

If you have forgotten your log in, you can click on the “forgot username or password?” link. Enter your email under “Retrieve Username.” The system will email your log in credentials to you.

Here is how to create a new Learn360 Teacher Account:

- Go to www.learn360.com
- Click on the “New Users” Tab

- Enter the Pass Key for your school. Make sure to enter the first set of numbers in the first box and second set of numbers in the second box.
- High School 8519-4925950
- Jr High 8519-4925951
- Jefferson 8519-4925952
- Central 8519-4925949
- Washington 8519-7883131

- This will take you to a unique registration page for your school. From here, you will create your own user log in and password. This new user log in and password that you create will be your own unique account, and from now on, you will simply log in directly at www.Learn360.com.
